100 BEST GREEN WORKPLACES

JOURNEY WITH US TO THE NORTH COAST,

WHERE COLORS ARE CONSTANTLY IN TRANSITION.

SHADOWS DANCE WITH SHAFTS OF LIGHT CONTINUALLY  
INFLUENCED BY ROLLING CLOUDS AND THE ANGLE OF THE SUN.

THE COAST'S CHARACTER IS EASILY IMAGINED IN THESE  
INNOVATIVE WINDOW AND WALLCOVERINGS HANDCRAFTED

FROM THE FINEST,

NATURAL FIBERS.

*Sun-drying ramie fibers used in Elements  
and Thatch Woven-to-Size Windowcoverings*

our art is

## THE FUSION OF INSPIRED DESIGN & HAND-SELECTED FIBERS

### HANDCRAFTED WALLCOVERINGS

Conjuring images of a weathered coastline, our new wallcoverings are made from the fibers of water lilies that are carefully selected and meticulously handcrafted to transform interior walls into stunning impressions.

### HANDWOVEN WINDOWCOVERINGS

Sky and sea swirl in shades of grey and black, while warm whites emerge from the spaces between. Delight in new contemplative colors featured in our Woven-to-Size Windowcoverings showcasing our signature loom-finished edge.

Contact your local showroom for no-charge memos or visit us at [hartmannforbes.com](http://hartmannforbes.com).

“Without craftsmanship,  
inspiration is a mere  
reed shaken in the wind.”

-JOHANNES BRAHMS

## C A P E

a unique design masterfully woven

A glimpse of white shells rising from wave-washed sand is captured in Cape's exquisite design. Hand-stripped fibers of water lilies handwoven with luminous warp threads provide a subtle, elegant shimmer.

WL414-03 Seaboard – Cape

## L A N D I N G

richly textured for unusual depth

Random patterns of seaside tones and textures can be seen in this unique design crafted by hand-stripping, flattening and applying a wash of natural metallic pigments to water lily fibers.

WL414-12 Seaboard – Landing

## T H A T C H

a relaxed weave to soften the sun

Thatched, white cottages overlooking the sea provided the color and textural story of this charming, casual design made of medium-weight ramie fibers.

NATURAL WINDOWCOVERING | *Grassweave [WTS]*

LE1703 Thatch – Wrafton

NATURAL WOVEN SHADE  
LE1360 Zanella  
Grassweave [WTS]

## G L I M M E R | H E R I T A G E

minute details bear extraordinary elegance

Stars reflected on the midnight tide appear in these nearly weightless arrowroot weaves. Accented by silvery filaments, the hand-tied knots showcase master craftsmanship.

NATURAL WINDOWCOVERING | *Grassweave [WTS]*

LE1360 Glimmer - Zanella

LE1860 Heritage - Armure

LE1084 Zephyr

LE1039 Lustring

LE1012 Farandine

## ELEMENTS

remarkably fine, handspun fibers

Darkening coastal skies drifting above windswept sand inspired new tones in this richly refined, light design woven from finely handspun ramie fibers.

NATURAL WINDOWCOVERING | *Grassweave [WTS]*

## C L A R I T Y

perfect execution of a classic design

The coast's contrasting colors always emerge as companions. This kinship is evidenced in this classic, wood-pulp design, which blends ideally with any décor.

NATURAL WINDOWCOVERING | *Papyrusweave [WTS]*

PE600-60 Steady Graphite

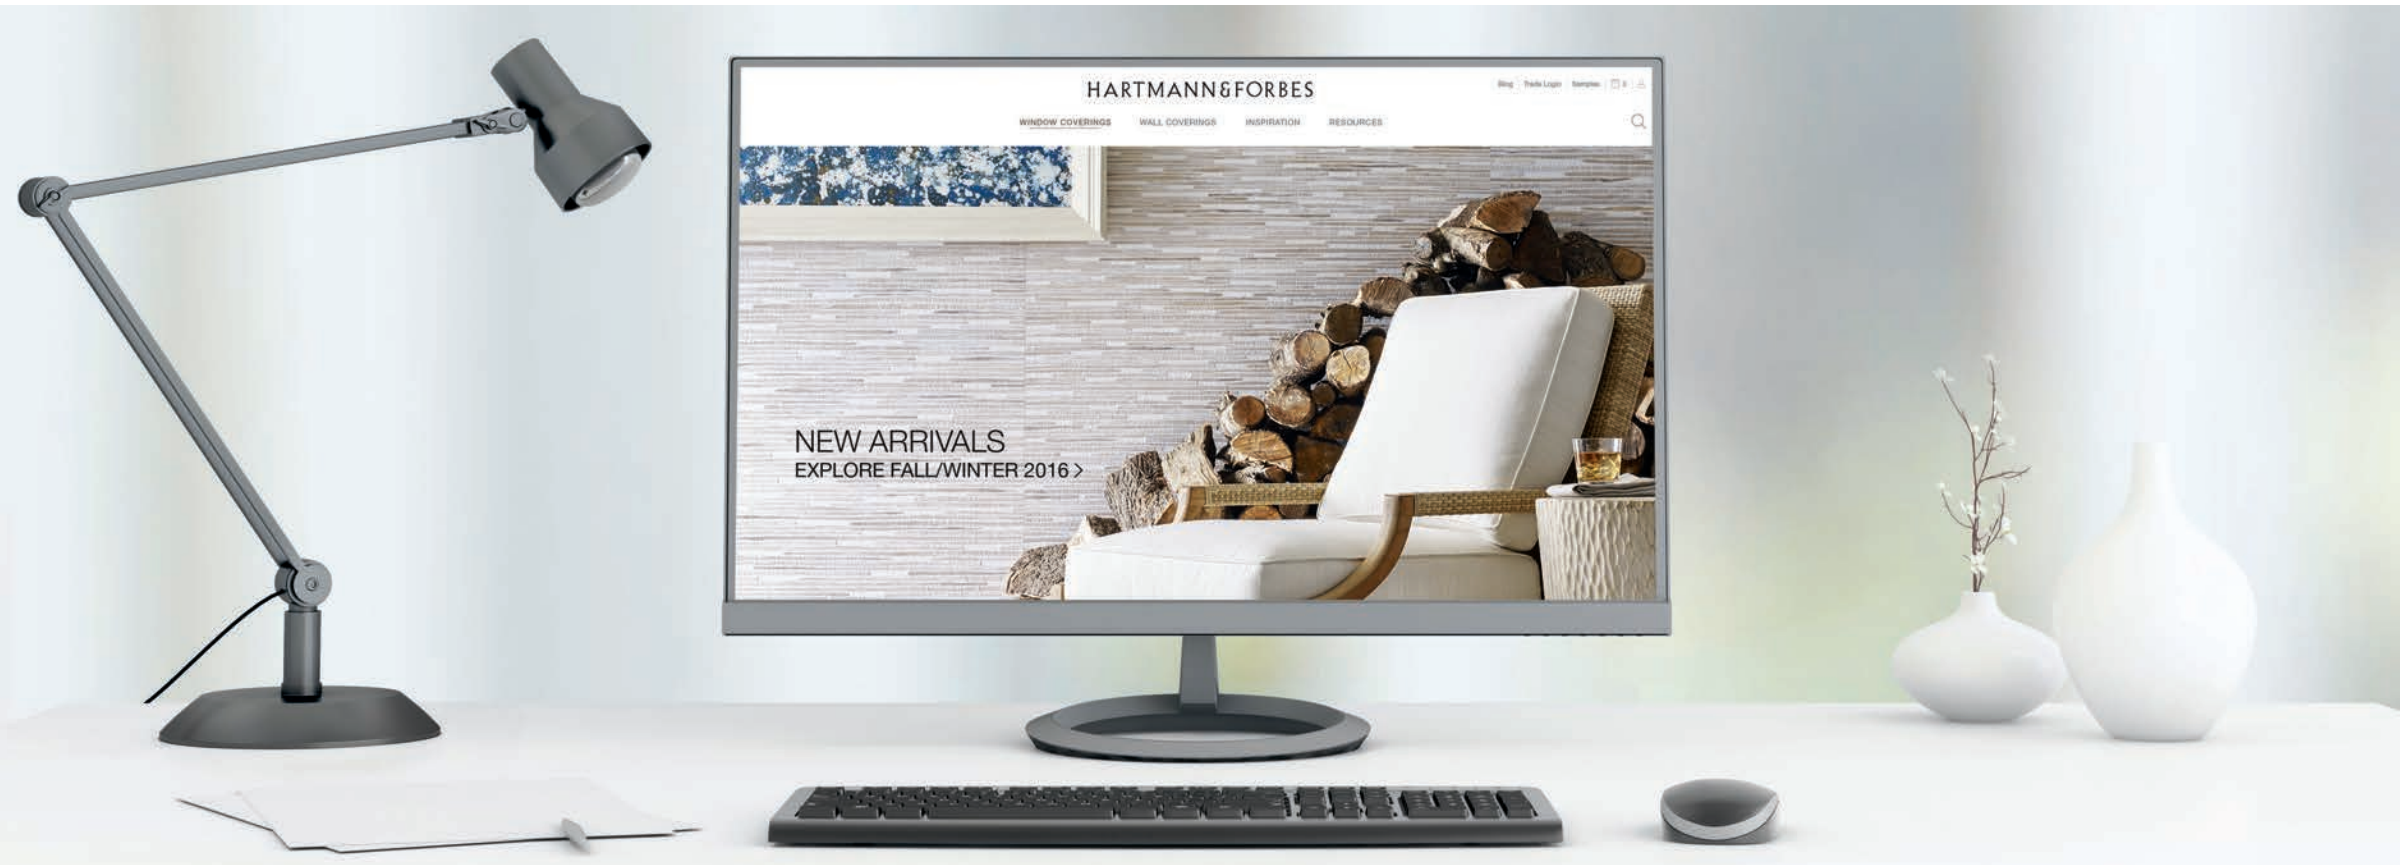

PE600-06 Sacred Desert

PE600-30 Wise Sage

We are proud to be recognized by *Oregon Business* magazine as one of Oregon's "100 Best Green Workplaces" for the fourth consecutive year.

Over a decade ago, we initiated Project Green to foster a company culture of environmental responsibility. Recycling, energy conservation and strategic sourcing of rapidly renewable fibers are just some examples of our commitment to sustainability and stewardship.
